

Aliscaff Limited Environment Policy

The company will use policies and procedures that will ensure the conservation of natural resources while minimising any adverse environmental impact from our operations, including, but not limited to, waste reduction and recycling.

We aim to review our environmental policies and procedures regularly to improve our performance and quality.

All employees are made aware of this policy and their responsibilities for environmental issues.

The company operates an energy conservation policy to ensure that

- All scrap aluminium will be disposed of to environmentally friendly recycling companies.
- All non-critical equipment is switched off when not needed.
- Low energy electrical equipment will be preferred for purchase.
- All items that can be recycled will be recycled

Aliscaff Limited will endeavour to perform business electronically, to reduce paper usage.

We will always seek to purchase products that are environmentally friendly, re-usable, recyclable and that do not damage the environment.

Whenever possible, Aliscaff Limited re-uses incoming packaging materials.

This policy statement is on display at company premises and is to be made available to the public via our website.

The Board of Directors has ratified this Policy.
